This cute little boy has progressed amazingly in a short amount of time with a very experienced shelter foster family!

Hank (pka Sugar Bear) and his 2 siblings were surrendered when the only person they had ever known became unable to care for them any longer. They were completely stressed and panicked with basic things like putting on a leash to walk. But the shelter team and volunteers have been working with them.

Good news... since Hank has been in an experienced and diverse shelter foster home... he is really opening up and even walks nicely on a leash now, met dogs & cats, loves car ride...
